Creative Arts Community proudly announces it's 2008 edition of Arts at Menucha, Aug 3rd thru 16th, 2008. Anyone interested, from the total novice to seasoned professional, is invited to find his or her own creative path.

This year Creative Arts Community celebrates it's 42nd summer of providing a wonderful experience & opportunity for artistic growth in all types of individuals. Every summer since 1966 the CAC has provided unique residential workshops at Menucha, just twenty minutes east of Portland, Oregon. Overlooking the spectacular Columbia River Gorge, the historic 90-acre Meier estate offers walking & jogging trails, meditative gardens, tennis & volleyball courts & an outdoor swimming pool.

In two one-week sessions in August, the workshops feature outstanding instructors, a variety of small classes in a nurturing community atmosphere. Studios are open 24 hours. We offer college credit through Portland State.

The impressive instructor line-up this summer includes:
